Abstract:
The Alumni Relations Photographic collection contains images documenting alumni activities and campus events at Delaware State from the 1900s to 2002. The photographs depict people, places, and events at DSU collected by the Delaware State University Office of Alumni Relations. The Office of Alumni Relations was established in 1953 by Dr. Harriet Ruth Williams.

The collection is comprised of three main series with records spanning from the early 1900s to 2002. Formats include photographs, negatives, slides, and three-dimensional objects. The photographs series is divided into four sub-series, “Contextual documents”, “Felmon D. Motley”, “Harriet R. Williams”, and “Publications. The second series is “Scrapbooks” which contains materials formerly housed in 3-ring binders. “Ephemera” is the third series and it contains three dimensional objects included in the collection.

Biographical Sketch:
The Office of Alumni Relations was created in 1953 by Dr. Harriet Ruth William (1915-1999). A professor of chemistry at DSU, she served as the part-time director for the office until 1966. Initially referred to as the Alumni Office it later became known as the Office of Alumni Relations.

The Office of Alumni Relations was established to promote beneficial collaboration between the university and its graduates. The office is involved in joint initiatives among alumni groups. It works in conjunction with other university offices to enlist alumni in projects and programs that broadly enhance missions of the university. The Office of Alumni Relations is also tasked with the publication of the alumni newsletter, The Echo, and other publications which promote university and alumni functions.
Throughout the 1960s and 1970s the Office shared an administrative unit with the Office of Public Relations. Due to their close proximity the Office of Alumni Relations and the Office of Public relations were often synonymous. As a result of this proximity many of the photographs found in the Alumni Relations Photographic collection can also be found in the Office of Public Relations Photograph collection and many of the photographs have stamps from the Office of Public Relations printed on the back.

More information about the Office of Alumni Relations can be found in the Office of Alumni Relations collection finding aid.

Scope and Content Note:

The Alumni and Campus Life collection is comprised of photographic materials produced by the Office of Alumni Relations. The materials are dated from the early 1900s to 2002, but the majority of the records fall between the dates of 1967 to 2002. The collection is housed in 14 document boxes with one oversized box for large flat files.

The collection is divided into three series. Series I Photographs documents the people, places, and activities of the Delaware State University campus with a focus on alumni and important campus events arranged alphabetically. Events included in this series are commencement, homecoming, sporting events, alumni reunions, Miss DSC/Miss DSU coronations, and youth programs. The majority of materials are photographic prints, both black and white and color, with lesser quantities of 35 mm negatives and slides also present. The contents of folders are indicated by their titles. Notable people, places, and events were identified at the folder level, with any names from captions on photographs included in the folder description as well. Individuals depicted in the photos include various students, alumni, faculty, staff, distinguished guests, and administrators. Some of these prominent DSU people include...
depictions of presidents like Dr. Luna I. Mishoe, instructors like Dr. Gustav A. Ofosu from the biology department, and influential alumni such as Cora N. Selby. The most historically rich folders in the series are that of the “Portraits”. The “Portraits” series of folders is split between images dated from the 1900s to 1950s and images from the 1960s to 1990s. The first series of folders depicts the earliest students and instructors of DSU when it was the State College for Colored Students in the early 1900s. Some of these include people like Mrs. William C. Jason the wife of DSU’s longest serving president and students like Effie Prettyman, and Cecie P. Henry. Additionally the series depicts the earliest iterations of DSU campus buildings in the “Buildings” series of folders like Loockerman Hall, Tubman Hall, and the President’s Cottage.

Series I includes four sub-series the first of which is “Contextual documents”. These documents were housed with the previously unprocessed images and display lists of photographs now included in the collection. Sub-series II “Felmon D. Motley” contains images that were originally housed in envelopes labeled with his name and addressed to Harriet R. Williams. The envelopes were separate from the original unprocessed records. The images almost solely document alumni functions. Sub-series III “Harriet R. Williams” contains images that were originally housed in a folder with Harriet R. Williams’s name printed on it. The mostly 8x10 photographs contained in the folder had her initials printed on the back as well. Sub-series IV “Publications” contains documents depicting page layouts intended to be utilized for publication purposes. The proofs detail publications covering commencement, Alumni Day, and other prominent DSU events.

Series II “Scrapbooks” is comprised of materials formerly housed in 3-ring binders. To preserve the context and information contained therein, the materials from the binders were left intact and simply rehoused. The scrapbooks detail and depict information about Greek organizations at DSU as well as prominent DSU events. Of particular note to researchers would be the C. Smith Del State Kappa folder which contains images of Delaware State University’s campus in the 1940s.

Series III is “Ephemera” which includes three-dimensional objects. These objects include glass plates and a bound folder. The glass plates depict Loockerman Hall. At the bottom corner the plate is printed “Loyalist’s Club Member”.

Arrangement:

The collection is arranged into three main series separated by subject. The contents of series I, II, and III are arranged according to alphabetical order and are further ordered chronologically. The sub-series are also arranged alphabetically. The box inventory of this finding aid details the folder title, the possible creators of the records, and descriptions of the contents of each folder. On many of the photographs there exist stamps for the Office of Public Relations or Office of Alumni Affairs. Though this is listed in the Photographer portion of the description this does not mean definitely that the image was created by the Office of Public Relations or the Office of Alumni Relations.

The processing and rehousing of this collection has been made possible in part by the National Endowment for the Humanities: Exploring the human endeavor. In January 2015 the University Archives received a financial award [PG-52391-15] for the procurement of archival housings and the funding of an assessment by a conservator from the Conservation Center for Arts and Historic Artifacts located in Philadelphia, PA. In January 2015 the University Archives received a financial award [PG-52391-15] for the procurement of archival housings and the funding of an assessment by a conservator from the Conservation Center for Arts and Historic Artifacts located in Philadelphia, PA.

The Alumni Relations Photograph Collection was initially accessioned and processed by Emily and Cale McCammon in April, 2014. The collection underwent further processing by Daniel DeViscio in April 2016. Emily Cottle, University Archivist, and Cale McCammon, the first IMLS Archival Fellow, in January 2014. At this time the collection totaled 15 linear feet. The physical collection and finding aid were altered in April 2016 by Daniel DelViscio, the second IMLS Archival Fellow, following an accrual received in September 2015 from the Public Relations department.

Changes to the series include: a removal of the “Framed items” series. The folders were moved and their information was relocated to the “Photographs” series and given an indication that the records are housed in the oversized large flat file box. Further changes include the addition of the four sub-series “Contextual documents”, “Felmon D. Motley”, “Harret R. Williams”, and “Publications”. These were added from the unprocessed records left by Emily Cottle and Cale McCammon. The final addition was the inclusion of the “Ephemera” series which represents the three-dimensional objects included in the collection.

Series II) Scrapbooks, Dates: ca. 1940s-1998

C. Smith Del State Kappa, ca. 1940s-1998
The Scrapbook was originally housed inside of a black 3-ring binder with C.Smith Del State Kappa printed on spine labels. The scrapbook was assembled by Gilbert H. Jackson and Ruth T. Jackson. The Scrapbook documents a variety of activities from the John C. Smith University campus in Charlotte, North Carolina, in addition to Delaware State. It includes photographs of students around the Delaware State campus in the 1940s. Additionally present in the scrapbook are clippings, including some from The Lantern. More recent materials include certificates and correspondence regarding activities are DSU, such as the Presidential scholarship ball.

Del State, 1992-1993
The Scrapbook was originally housed inside a 3-ring maroon album. It includes photographs from a number of events held at Delaware State from 1992-1993, not all of which are clearly identified. The scrapbook may have been assembled by Gilbert H. Jackson and Ruth T. Jackson. Formats include predominantly photos, but also some negatives, and other ephemera such as nametags or event programs. Events documented include: the dedication of the William C. Jason Library-Learning Center expansion; a football game (with photos of the marching band) attended by Kappa Alpha Psi members; the second annual President’s Club Dinner, December 2, 1993; and other unidentified events. Persons identified include: Governor Mike Castle; Dr. June Williamson; James C. Hardcastle; President William B. DeLauder.

The Legacy: 1994 Homecoming, 1994
The Scrapbook was originally housed inside a 3-ring maroon album. It documents various 1994 events, including the Presidential Scholarship Ball and Wilmington Classic; a Omega Psi Phi Fraternity gathering; the Homecoming football game (including images of the band); in addition to other unidentified events.

Though predominantly containing photos, the album also includes a few negatives, event invitations, and other ephemera. Among these are modeling pamphlets with headshots for Precious Danielle Wagoneer and Payshence Nicole Wagoner.

Sororities and fraternities, ca. 1960s-1980s
The Scrapbook was originally housed in a purple folder with 3-hole binder pages inside. Two photos included at the front of the folder were removed from the cover of the original folder. The contents of each binder page are separated by a blank piece of white paper. Contents were left facing back to back as they were in the sleeves.
Greek organizations are featured in the scrapbook: Delta Sigma Theta (sorority), Alpha Kappa Alpha (sorority), and Omega Psi Phi (fraternity). Formats present in the scrapbook
include mostly pictures, with a few photocopies of news articles and a cover from the Greek publication The Oracle (Omega Psi Phi).

Alpha Kappa Alpha materials include several group photos, including the AKA officers and committee members for 1980 and the AKA booth at the North Atlantic Regional Conference.

Delta Sigma Theta materials include group photos, including the Dover Alumni chapter. Omega Psi Phi materials include a cover from a September 1963 issue of The Oracle and several photos of unidentified chapter members, including the DSC Booster Club, Reverend Jesse Jackson with Dr. Wade Wilson and Felmon Motley in support of PUSH, Monroe and Virginia Hearne, and several photos of Miss Omega activities. There is also information about the designers of Omega Psi Phi’s ritualistic kit, Furman Williams, George Mears, H. Carl Moultrie, E. W. Waters, Furman Williams, Felmon D. Motley. A clipping also pictures Robert C. Weaver, Secretary of Housing for President Johnson as a Commencement speaker.
